

# Versatility Guaranteed

## M-Type Class 867

### Unique flexibility, excellent cost efficiency

No matter whether you are sewing technical textiles, upholstery, car seats or leather goods, the 867 is the right machine for the job. The 867 is even used to sew high fashioned jeans with up to 5 upper threads.

The XXL-hook (Ø 32mm) along with the foot stroke of up to 9mm, the foot lift of 20mm and the clearance of 335mm is an unsurpassed benefit, available for all 867 machines. The bobbin capacity is 70% higher than for a standard Dürkopp Adler hook and by far more as double as a standard competition hook.

Our basic machine 867 ECO is the most cost efficient medium to heavy duty sewing machine on the market.

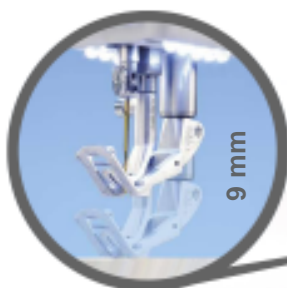

We offer the following machine types (extended versions also available):

**867-190040 ECO - Single Needle**  
**867-290040 ECO - Double Needle**

**Prices starting at 2,159.00 USD\***
